

# ENKORE

## FROM EVIDENCE TO ACTION: Aims and roadmap of the ENKORE cluster

*A. Zenclussen (UFZ) & T. Svingen (DTU)*

# ENKORE

## JOINT AIMS

- Develop a common evidence base on the health impacts of EDCs
- Bridge the science-policy gap by providing evidence-based recommendations for policymaking
- Facilitate the exchange of best practices, methodologies and research outcomes among cluster projects
- Build and enhance capacities across the cluster projects
- Ensure the sustainability of outcomes of all projects involved
- Increase the visibility, impact and uptake of the projects results

# ENKORE

## ROADMAP

### 1. Kick-off phase (1<sup>st</sup> year)

- Kick-off Meeting
- Set up of cluster governance and working groups
- Identification of synergies and joint strategy development

### 2. Research and development phase

- Collaborative research & capacity building through working groups and joint workshops/webinars
- Annual cluster meetings
- Joint publications
- Exchange on best practice data analysis and management approaches

# ENKORE

## ROADMAP

### 3. Dissemination and exploitation phase

- Science to policy translation
  - Joint policy briefs and recommendations based on project findings and in alignment with EU policies and strategic priorities
- Dissemination
  - Joint branding and communication strategies
  - Joint dissemination plan for use of social media and digital platforms
  - Joint papers and presentations
  - Engagement with stakeholders through workshops, consultations and policy dialogues

## First steps

- Agreed on regular meetings of project coordinators and EC representatives
  - Identification of synergies and start of development of joint scientific strategy
- First joint workshop on EDC mixtures held: productive discussions on strategies to identify mixtures and how to prioritise chemicals and mixtures of concern

The screenshot shows a Zoom meeting interface. The main content is a presentation slide with a green and blue background and white dots. The slide text reads: "ENDOMIX IDENTIFYING COMPLEX CHEMICAL MIXTURES OF CONCERN FOR ENDOCRINE DISRUPTION AND IMMUNOMODULATION" and "Georg Braun, Roel Vermeulen". There is a small European Union logo at the bottom of the slide. On the right side, there is a vertical list of participants with their names and small video thumbnails. The participants listed are: Georg Braun, EIBIR Office, EIBIR Office, Roel Vermeulen, ProtoQSAR, ProtoQSAR, Oliver Burk, Oliver Burk, Sergio Gomez, Sergio Gomez, D.Lichtenstein (...), D.Lichtenstein (BR), Jolie Smeets, and Jolie Smeets.

# ENKORE

## FIRST STEPS

- 3 Working Groups focusing on relevant topics of common interests and activities kicked off
  - **WG1:** Science translation for policy and practice (led by HYPIEND, MERLON, and NEMESIS)
  - **WG2:** Data analysis, management and protection (led by EDC-MASLD)
  - **WG3:** Communication and Dissemination (led by ENDOMIX)
